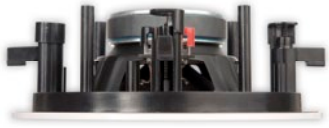
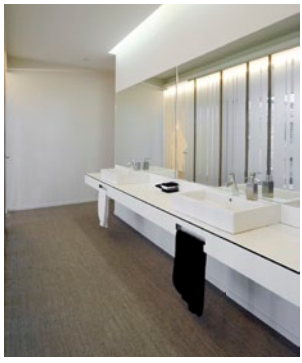
FL550

This stereo inwall loudspeaker is flatter and even more invisible than any of its predecessors. The frame has been reduced down to 1 millimetre, the frame thickness more than halved. The grille of the loudspeaker has been noticeably fine-tuned and it feels almost like silk if you stroke it. The frame simply clicks itself into place with adjusting screws, you fit the grille magnetically. What's more, it produces a fully-fledged stereo effect on its own thanks to its double tweeter and double connections.





Only room for one connection, but still looking for a stereo effect? The FL550 is the solution.

TECHNICAL SPECIFICATIONS

range	<50m²
sound quality	warm
system	2-way coaxial
woofer	5,25" polypropylene carbon
tweeter	2 x 0,5" polycarbonate
max power	50W
sensitivity	87dB
impedance	8Ω
frequence range	95Hz - 20kHz
dimensions cut-out (Ø)	180mm
dimensions (Ø x d)	205 x 70mm
weight / piece	1kg
housing	ABS
colour	white
extra	paintable
options	MOKIT RO212
